and Opportunities for Financial
Institutions in West
Africa Webinar**
August 19, 2021

The Regional Hub

The purpose of the hub is to create a community of practitioners that scales the application of capitals approaches in a specific context for national or sector based

Convener

Core Objectives of the Hub

1

Increase awareness, collaboration and uptake among business, finance, government, civil society, science and accounting & standards

2

Share and support the application and learning of approaches, tools and techniques

3

Strengthen the Protocols and other capitals tools

Our Principles/Benefits at the Regional Hub

For stakeholders and fostering collaboration among the actors in their context

- Commitment to the ambition of the Capitals Coalition for decisions by including the value provided by nature, people and society.
- Progress towards inclusion of all four capitals (***natural, human, social and produced capital***) in activities, where feasible.
- Working in a collaborative, open and inclusive way; promoting participation of and interaction between all stakeholders (business, finance, government, accounting & standards, multi-stakeholder groups, civil society and science), where feasible.
- Commitment to increasing the application of capitals approaches in decision making, going beyond awareness raising.
- Capturing learning and feeding back to the Capitals Coalition

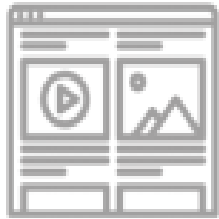

The Hub Activities

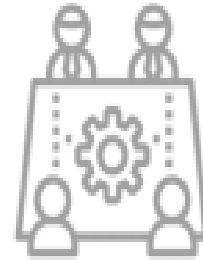

Webinars to share experiences of capitals approaches and/or to introduce capitals concepts

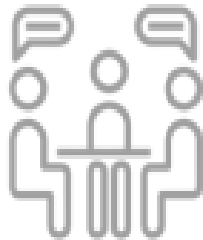

Contribute, collate and share articles, case studies or thought pieces.

Curate content and host an active hub on the Coalition's online space.

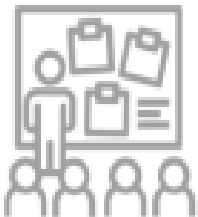

Consultation workshops to inform Coalition projects.

Face to face or virtual meetings to plan hub activities.

Run a pilot study with multiple stakeholders.

Training workshops.

Host events on topics of particular interest in your regional context.

Conclusion

This is an emerging environmental concern drawing the attention and support from all sectors which the financial institutions have a vital role to play.

The call

Be part of the community with a networking space as well as an area to share knowledge, experience, case studies, reports, challenges, solutions and opportunities.
